The Kid

Staple here

How to read this Booklet:
 1. Have your child point to each word as he says it.
 2. If he hesitates, *spell* the word for him.
 3. Have him reread the booklet faster and faster.
 This is brain-friendly—soon he will read it smoothly by himself.

For extra practice:
 -Cover the picture, and have your child read the words on that page.
 -Have your child read the last page first, then the next-to-last page, and so on to the front page.
 -Use the eBooklet template, and help your child create and read his own booklet.

Sight word: **the** Fry Sight Words used with permission.
